reseller print service provider

WE ARE TEAM PRINT HIVE

We take the hassle out of print, the silent partner, the team in the background working with people like you, we are The Print Hive.

Dedicated Print Service Providers, working from our print production facility in Weston-super-Mare we have been supplying the print trade, resellers, signmakers and design agencies with high quality printed products at short lead times since 2012.

Our clients vary from individual signmakers that simply haven't got the time or the inclination to print in-house, to commercial print companies looking to outsource their production overflow work.

You may be already working with a PSP (print service provider) or are completely new to the idea but we think outsourcing print should be easy, hassle free and most of all profitable for our customers, otherwise why do it!

A lot of Trade Printers 'specialise' in one area of the market, banner printing or fabric for example, we see ourselves as a one stop shop catering for projects of any size, offering all from wall coverings and wall art to point-of-sale displays and posters.

We are confident that you will not find a more reliable, dedicated & creative trade print supplier. So why not put us to the test, give us a call on 01934 707050 or email us sales@theprinthive.co.uk to see what we can do for you.
